

## PHILADELPHIA GREEN CAPITAL CORP

ACCELERATING OUR CLEAN ENERGY FUTURE

[phillygreencapital.org](http://phillygreencapital.org)

### WHO ARE WE

The Philadelphia Green Capital Corp (PGCC) is the green bank affiliate of the Philadelphia Energy Authority (PEA). We use innovative financing to connect local clean energy projects to capital.

PGCC uses best practices from green banks across the country to scale PEA's impact by supporting its existing programs and the Philadelphia Energy Campaign to help the City achieve carbon neutrality by 2050.

PGCC's financing tools work for solar, energy efficiency, and resiliency projects. We focus on underserved markets to ensure all Philadelphians can be part of a clean energy future.

### WHAT WE DO

Connect Projects to Capital

Build Pipeline of Local Projects via Strategic Partnerships

Provide Financing Products

Mitigate Investment Risk & Remove Barriers for Investors

## OUR PRODUCTS

#### 1 NAVIGATOR PRE-DEVELOPMENT LOAN

Unsecured line of credit for energy project pre-development in non-profit and multifamily buildings

#### 2 CATALYST TERM LOAN

Unsecured financing for clean energy improvements for affordable housing and nonprofit buildings

#### 3 LMI SOLAR SUPPORT

Supporting PEA's Solarize program to make solar affordable for low- and moderate-income households

#### 4 SHARE THE SUN

Donated Solar Renewable Energy Credits (SRECs) support solar installations for low- and moderate-income communities

### Supporting the Philadelphia Energy Campaign

In 2016, through the leadership of City Council President Darrell Clarke, PEA launched the Philadelphia Energy Campaign to create 10,000 jobs, strengthen communities, cut energy bills, and reduce the City's carbon footprint. PGCC will support PEA's programs and generate at least \$250 million of investment in support of the Campaign.
